

Dear Valued Partner,

Warm Greetings from Indian Institute of Technology, Bombay!

We are wishing you, your colleagues, and family a healthy and safe life ahead as we navigate these challenging times.

We had an overwhelming response for the first edition of our Winter School in December 2021, which motivated us to plan our next Summer School in June/July 2022. It gives us an immense pleasure to announce that we will offer an online Summer School 2022 as it brings a new opportunity to enrich the relationship with you by providing an excited opportunity for your students.

Academic Programme: IIT Bombay welcomes students to study one or more of the Summer courses (given below) for **free**. PhD/PG students (and even UG students) can benefit through these courses. The Summer School allows students to explore contemporary issues. Courses are taught **live** in **English** by our professors via **online** platform, in small and interactive groups.

The following four courses (**brochures attached**) are being offered:

- Carbon Capture Utilisation and Sequestration- Course 1
- Data Flow Analysis- Course 2
- Introduction to Numerical Optimization- Course 3
- Advanced Structural Geology- Course 4

The courses are of different duration and will be delivered in June/July 2022. The exact start and end dates for each course will be communicated later to the registered participants.

The students are expected to attend **all classes** and interact with the professor for deriving maximum benefit from the course. Some courses have homework/test for providing a formal feedback to the students. An **e-certificate** will be issued to the successful students.

Dates: June / July 2022 (exact date for each course will be announced later to registered participants)

How to Apply: The online Summer School is open for free to university students and graduates from across the globe. Candidates must apply by filling up the google form using the link provided below. Registrations are now open and will close on **June 10, 2022**. The Course registration link is provided below:

<https://forms.gle/pPybzQtA9vJNPdR76>

while additional details are available in the brochures attached.

We request you to disseminate this information in your student community and encourage students to take advantage of this unique opportunity to study with IIT Bombay Professors.

Regards,  
Office of Dean International Relations
